**Township Board of Commissioners  
Township of Aleppo**

## **Independent Auditor's Report**

### **Report on Financial Statements**

I have audited the accompanying basic financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Township of Aleppo as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

## **Opinions**

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Township of Aleppo, Allegheny County, Pennsylvania as of December 31, 2016 and the respective changes in financial position and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

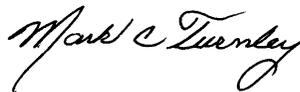

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (pages iii-xiii) and historical pension information (pages 44-48) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township of Aleppo's basic financial statements. The supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Township of Aleppo  
Management's Discussion and Analysis  
December 31, 2016**

The discussion and analysis of the Township of Aleppo's financial performance provides an overall review of the Township's financial activities for the calendar year ended December 31, 2016. The intent of this discussion and analysis is to look at the Township's financial performance as a whole. Readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the Township's financial performance. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

**Financial Highlights**

- The Township of Aleppo's net position increased by \$190,966, in 2016.
- As of December 31, 2016, the unrestricted net position of the Township of Aleppo was \$1,747,310.
- As of December 31, 2016, the fund balance for the general fund was \$1,196,551, a decrease of \$68,799 (5.5%) from 2015. The unassigned portion of the general fund balance was \$1,127,624, a decrease of \$66,389 from 2015.

**Using the Annual Financial Report**

The financial section of this report consists of three parts: management's discussion and analysis, the basic financial statements (including notes to the financial statements) and other financial information including required pension supplementary information, combining and individual fund statements with detailed budgetary comparison schedules, and other additional information. The basic financial statements present two different views of the Township through the use of government-wide financial statements and fund financial statements.

The first two statements are government-wide financial statements – the statement of net position and the statement of activities. These provide both long-term and short-term information about the Township's overall financial status.

The remaining statements are fund financial statements that focus on individual parts of the Township's operations in more detail than the government-wide statements. The governmental funds statements tell how general Township services were financed in the short term as well as what remains for future spending. Fiduciary fund statements provide information about financial relationships where the Township acts solely as a trustee or agent for the benefit of others, to whom the resources in question belong.

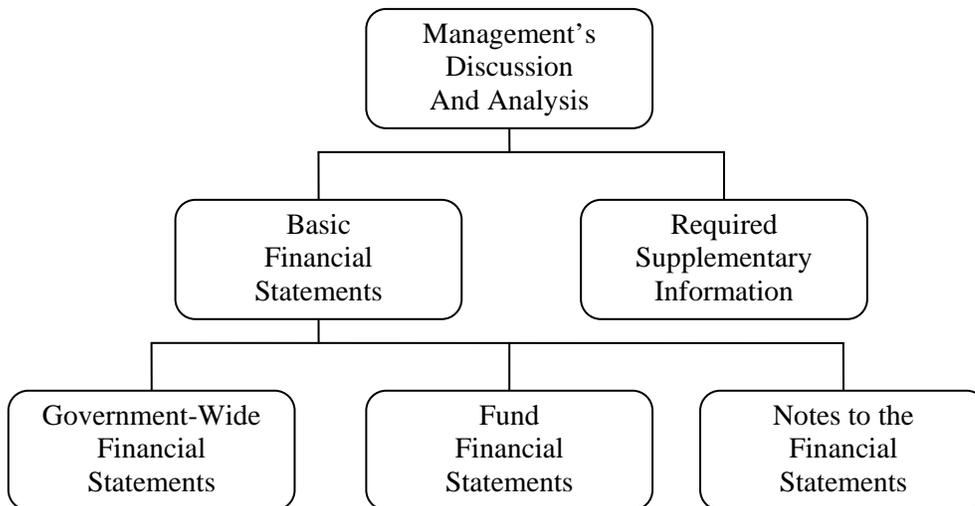

**Township of Aleppo  
Management's Discussion and Analysis  
December 31, 2016**

**Overview of Financial Statements**

This discussion and analysis section of the annual financial report is intended as an introduction to the Township's basic financial statements. As stated earlier, there are three components to the Township's financial statements. These are government-wide financial statements, fund financial statements and notes to the financial statements. This report also contains supplementary information designed to enhance the reader's understanding of the Township's finances.

**Government-Wide Statements**

Government-wide financial statements are intended to provide readers with a broad overview of the Township's finances. There are two government-wide financial statements presented in this report.

The first is the statement of net position. The statement of net position presents information on all of the Township of Aleppo's assets and liabilities. The difference between the Township's assets and liabilities is shown as the Township's net position. Increases or decreases in net position is a financial indicator that, when tracked over time, can be used as a measure of the Township's financial condition.

The second government-wide financial statement is the statement of activities. This statement shows information on how the Township's net position has changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the actual cash flow. Revenues and expenses are reported in the statement for some items that will result in cash flows at some future date. For example, taxes that are levied but not yet to be collected, or sick days accrued but not yet used.

It is the accepted practice in the government-wide financial statements to distinguish governmental activities from business-type activities. Governmental activities are those functions of the Township that are principally supported by tax dollars and intergovernmental revenues. Governmental activities commonly include services such as police, fire, public works, planning and administration. Business-type activities are those that are funded through user fees and charges. These would include such municipal services as sewage treatment, public water or other municipally-owned utilities. The Township of Aleppo does not perform any business-type activities. The government-wide financial statements therefore report only information on governmental activities.

The government-wide financial statements are required to include financial information not only on the primary governmental unit, Township of Aleppo, but also information for any other component unit for which the primary governmental unit is financially responsible. The Township of Aleppo has no component units.

**Township of Aleppo**  
**Management's Discussion and Analysis**  
**December 31, 2016**

**Overview of Financial Statements (Cont'd)**

**Government-Wide Statements (Cont'd)**

The fund financial statements provide detailed information about the Township's funds as opposed to the Township as a whole. A fund is a grouping of related, self-balancing accounts that are used to maintain control over sources that have been segregated for specific activities or objectives. Certain funds are required to exist to comply with requirements of the Commonwealth of Pennsylvania. Since the Township of Aleppo does not have any business-type or proprietary funds, the funds used by the Township are divided into two categories. They are governmental funds and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the governmental fund statements focus on near-term financial activities. Governmental fund statements report information on revenues and expenditures throughout the year, as well as the balances of available resources at year-end. This information allows the reader to evaluate the Township's short-term financial activities.

By viewing information combined in the government-wide financial statements, in conjunction with that contained in the governmental fund, the reader can appreciate the impact near-term financial activities have on the Township's long-term financial condition. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Township of Aleppo maintains six individual governmental funds. These are the general fund, infrastructure fund, capital improvements fund, construction fund, debt service fund, and the highway aid fund.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balance for the general and construction funds. The general fund is required to be shown separately as a major fund. For 2016, the debt service fund and capital improvements fund was also considered a major fund and is shown separately. The highway aid fund, construction fund, and infrastructure funds are considered non-major funds of the Township.

The Township of Aleppo annually adopts a budget for the General Fund. Budgeted information for the Township's Liquid Fuels Fund is initially included in the Township's General Fund budget process.

Fiduciary funds are used to account for resources held for the benefit of parties other than the Township. Fiduciary funds are not reflected in the government-wide financial statements because the resources contained in these funds are not available to support the programs of the Township of Aleppo. The Township of Aleppo maintains two fiduciary funds. These are the police pension fund and the non-uniformed employees' pension fund.

The notes to the financial statements provide additional information essential for a reader to develop a full understanding of the information provided in the government-wide and fund financial statements.

**Township of Aleppo  
Management's Discussion and Analysis  
December 31, 2016**

**Overview of Financial Statements (Cont'd)**

**Government-Wide Statements (Cont'd)**

In addition to the basic financial statements and the accompanying notes, the report also presents detail schedules of budget versus actual revenues and expenditures information of the general fund along with certain required supplementary information. The required supplementary information in the Township's financial report provides the reader with information concerning the Township's net pension liability and progress towards funding its pension obligation for the police pension plan.

**Financial Analysis of the Township as a Whole**

The following table presents the net position of the Township for the years ended December 31, 2016 and 2015.

Table A-1  
Years Ended December 31, 2016 and 2015  
Net Position

|                                               | <b>GOVERNMENTAL<br/>ACTIVITIES</b> | <b>GOVERNMENTAL<br/>ACTIVITIES</b> |

Current assets increased as a result of the increase in total cash and cash equivalents and accounts receivable balances during 2016. Capital assets decreased as depreciation expenses exceeded fixed asset additions for 2016. The decrease in long-term liabilities is mainly related to the Township's payment of debt balances during 2016.

Revenues for 2016 were fairly similar to those in 2015, with no unusual or unexpected revenues received by the Township. Expenditures decreased significantly in the areas of Public Works-Highways and Debt Service. Expenses for roads and highways in the Township were \$461,302 higher in 2015 due to a capital construction project undertaken and completed. Debt service expenses were \$172,500 higher in 2015 due to bond closing costs paid on the 2015 bond issue. Public Works – Sewer expenditures were higher by approximately \$219,000 mainly due to 537 Plan expenses paid by the Township.

**Township of Aleppo  
Management's Discussion and Analysis  
December 31, 2016**

**Governmental Activities:**

**Revenue Sources**

Total government-wide revenues of \$1,796,225 were derived primarily from taxes. In 2016, the Township collected \$827,150 in taxes. Tax revenue accounted for 46% and 47% respectively of all revenues for 2016 and 2015, with real estate, and earned income being the most significant. In 2016, current real estate tax collections totaled \$455,406 or 97% of the taxes levied, while earned income taxes accounted for \$219,101 or 27% of the total taxes collected for general government functions. The earned income tax is one-half of one (.5%) percent levied against the earnings of Township residents, which includes wages and other earnings.

The real estate tax is a tax levied against the assessed valuation of real estate property located in the Township. The assessed valuation of property on December 31, 2016 was \$136,805,580. The assessed value of property in 2015 was \$135,916,900. A 3.5 mill tax was levied for general purposes in 2016 and 2015.

The year 2016 was the thirteenth year of a 20-year agreement with Masonic Villages for Payment-in-Lieu-of-Taxes (PILOT) for their tax-exempt property. A payment of \$219,598 was received, which represented 12% of total revenues.

**Program Expenses**

Total expenses for all programs in 2016 were \$1,605,259. The expenses reflect the delivery of a range of services, the largest being Public Works (Highways, Sewer, and Sanitation) at 45%. The category with the second highest expenditures is Debt Service, which accounts for \$324,507 or 20% of spending. General Government includes Administration, Tax Collection, Legal, Engineering, and Municipal Building maintenance and operation. This year, much of the spending was within or below budgeted amounts with the exception of public works – sewers expenditures which included \$56,617 in legal costs (537 Plan) compared to a budget of \$2,000.

**Net Program Expenses/Revenues**

As one might expect, the basic services of the Township of Aleppo are primarily financed through general revenues. User fees are charged to offset the costs of services rendered in the situations where one can identify a specific beneficiary of a municipal service. Examples of this type of municipal service include various inspection fees and permits as well as engineering and land development services where property owners are required to reimburse the Township for actual expenses.

**Township of Aleppo  
Management's Discussion and Analysis  
December 31, 2016**

**Financial Analysis of the Township's Funds**

At the end of 2016, the Township's government funds reported a combined balance of \$2,094,806, an increase of \$178,311 compared to the previous year.

**General Fund Budgetary Highlights**

In 2016, general fund revenues exceeded budgeted revenues by \$121,334. Actual revenues equaled \$1,184,405 versus the budgeted amount of \$1,063,071.

- The most significant revenues over budget were taxes (over by \$51,111) and Intergovernmental revenues (over by \$39,254).
- Sources of unbudgeted revenue include refunds of prior year expenses which were \$24,878.

General fund expenditures of \$1,253,203 were more than the budgeted amount of \$1,186,959 by \$66,244.

- This increase in spending over budgeted amounts is due to the transfer of \$168,000 to the capital improvements fund for future capital expenditures which was not budgeted for.
- The most significant expenditures over budget were Public Works – Highways expenses (over by \$118,220). Public Works – Sewers expenses were under budget by \$44,617. Spending in most other categories was generally close to the budgeted amounts.

**Highway Aid Fund**

The Highway Aid Fund (Liquid Fuels) is a special revenue fund as mandated by the Commonwealth of Pennsylvania. Its source of revenue is the annual receipt of monies from the state based on a formula utilizing population and miles of Township-owned roads for sharing of the tax collected on fuels by the state. At December 31, 2016 the Liquid Fuels Fund maintained a fund balance of \$75,893.

| Sewer Infrastructure      | 7,942,290           | 8,145,938           |
| Water and Sewer           | 48,199              | 54,851              |
|                           | <b>\$ 9,164,200</b> | <b>\$ 9,434,479</b> |

**Debt Administration**

On May 20, 2015, the Township of Aleppo issued Guaranteed Sewer Revenue Bonds, Series of 2015 in the amount of \$8,345,000 for the purpose of 1) advance refunding the Township's outstanding Guaranteed Sewer Revenue Bonds, Series of 2011, currently outstanding in the aggregate principal amount of \$7,885,000 and 2) pay related costs and expenses, including costs of issuance of the bonds. The bonds were issued in denominations of \$5,000 with interest payable on June 1 and December 1 each year through maturity. Interest rates range between 1.2 and 4.1% with the bonds maturing on December 1, 2041. The Township has pledged its sewer revenues as security for the bonds. The Township's Guaranteed Sewer Revenue Bonds outstanding at December 31, 2016 totals \$8,125,000.

During 2013, the Township of Aleppo entered into a verbal agreement with the Borough of Sewickley to pay tap fees related to the Act 537 Plan project. The verbal agreement stipulates that the Township will pay \$100,000 per year over the next four years to the Borough, interest free, with the first payment being made in 2013 and maturing in 2016. As of December 31, 2016 the verbal agreement with the Borough of Sewickley has been paid in full.

More detailed information about the Township's capital assets and long-term debt can be found in the notes to the financial statements

**Township of Aleppo  
Management's Discussion and Analysis  
December 31, 2016**

**Trust and Agency Operations**

**Pension Trust Funds**

The Township maintains two pension funds related to the activities associated with the Township of Aleppo Police and Non-Uniform Employees Pension systems. The police department has been disbanded, but their pension plan is being maintained and kept up to date. Changes in these funds for 2016 are reflected on page 9 of the audit report.

**Contacting the Township's Financial Management**

This financial report is designed to provide the citizens of the Township, taxpayers, customers, investors and creditors with a general overview of the Township's finances and to demonstrate the Township's accountability for the money it receives. If you have any questions related to this report or need additional information, please contact: Township of Aleppo, 100 North Drive, Sewickley, PA 15143, (412) 741-6555.

The accompanying notes are an integral part of these financial statements

**TOWNSHIP OF ALEPPO**  
**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET**  
**TO THE STATEMENT OF NET POSITION**  
**DECEMBER 31, 2016**

**TOTAL FUND BALANCES - GOVERNMENTAL FUNDS** **\$ 2,094,806**

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources, and therefore, are not reported as assets in governmental funds. The cost of assets is \$10,726,747 and the accumulated depreciation is \$1,562,547. 9,164,200

Property taxes receivable in the statement of net assets, which will not be available soon enough to pay for the current period's expenditures, are deferred and not recognized as revenue in governmental funds. 84,734

Deferred outflows of resources that are applicable to future periods and, therefore, are not reported in the funds:

Deferred interest on advanced refundings 528,069

Deferred outflows of resources related to pension 39,482

Deferred inflows of resources related to pension (5,928)

Long term liabilities are not due and payable in the current period, and therefore, are not reported as liabilities in the governmental funds.

Long-term liabilities at year end consist of:

|                           |                |             |
|---------------------------|----------------|-------------|
| Bonds payable             | \$ (8,125,000) |             |

The accompanying notes are an integral part of these financial statements

**TOWNSHIP OF ALEPPO**  
**RECONCILIATION OF THE GOVERNMENT FUNDS**  
**STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES**  
**TO THE STATEMENT OF ACTIVITIES**  
**FOR THE YEAR ENDED DECEMBER 31, 2016**

**TOTAL NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS** **\$ 178,311**

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense (\$270,279) recorded in the governmental funds exceeds capital outlays (\$0) in the period. (270,279)

Government funds report district Township contribution as expenditures. However, in the statement of activities, the cost of pension benefits earned net of employee contributions is reported as pension expense. (15,358)

Repayment of loan principal is an expenditure in the governmental funds, but the repayment reduces the long-term liabilities in the statement of net position 320,000

Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. (28,972)

Because certain property taxes will not be collected for several months after the Township's year ends, they are not considered as "available" revenues in the governmental funds. Deferred tax revenues, net of a provision for doubtful accounts, increased by this amount. 7,264

**CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES** **\$ 190,966**

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Township of Aleppo was incorporated under the provisions governing the creation of municipal corporations in the Commonwealth of Pennsylvania. The administration of the Township consists of a five member Board of Commissioners and a Township Manager. Members of the Board of Commissioners are elected by the voting public. The Commissioners appoint a Township Manager to administer the day-to-day operations of the Township. The major functions of the Township include public safety, maintenance of Township infrastructure (roads), maintenance of parks and other recreational facilities for use by Township residents, and general administrative functions necessary to facilitate Township responsibilities and resident needs.

The financial statements of the Township of Aleppo have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established in GAAP and used by the Township are discussed below.

**REPORTING ENTITY**

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure the financial statements are not misleading. The primary government of The Township of Aleppo consists of all funds, departments, boards and agencies that are not legally separate from the Township. As defined by GASB Statement No. 14, component units are legally separate entities that are included in the Township's reporting entity because of the significance of their operating or financial relationships with the Township. Based on the application of the above criteria, the Township of Aleppo has no component units.

**BASIS OF PRESENTATION**

**GOVERNMENT-WIDE FINANCIAL STATEMENTS** – The statement of net position (Exhibit A) and the statement of activities (Exhibit B) display information about the Township as a whole. These statements include the financial activities of the primary government (The Township of Aleppo), except for fiduciary funds. The statements include the aggregate financial activities of the Township's governmental funds. The Township does not administer any business-type activities.

The government-wide statements are prepared using the economic resources measurement focus. This approach differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include reconciliations (Exhibits D and F) with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities (Exhibit B) presents a comparison between direct expenses and program revenues for each function of the Township's governmental activities and component unit. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, and grants, subsidies and contributions that are restricted to meeting the operational or capital requirements of a particular program. The Township has the following program revenues in each activity:

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**BASIS OF PRESENTATION (Continued)**

- General Government – Cable franchise fees, rental fees and lien letters.
- Public Safety (Police) – State and local fines.
- Public Safety (Fire) – Foreign fire insurance proceeds.
- Public Safety (Other) – Zoning hearing and electric inspection fees, occupancy permits, engineering/legal fee reimbursement and building permits.
- Public Works – Land rental fees, snow removal fees, and sale of recycling bins.

Revenues which are not classified as program revenues are presented as general revenues of the Township. The comparison of direct expenses with program revenues identifies the extent to which the government function is self-financing or draws from the general revenues of the Township.

**FUND FINANCIAL STATEMENTS** – Fund financial statements report detailed information about the Township. Under GASB Statement No. 34, the focus of the fund financial statements is on major funds. Major funds represent the Township's most important funds and are determined based on percentages of assets, liabilities, revenues, and expenditures/expenses. For The Township of Aleppo, the General Fund is always considered a major fund. Each major fund is presented in a separate column. Non-major funds are segregated and presented in a single column. Fiduciary funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources. Fiduciary funds are reported using the economic resources measurement focus.

**FUND ACCOUNTING**

The Township uses funds (Exhibits C-I) to report on its financial position and the results of its operations during the year. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain Township functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Funds are classified into two categories: governmental and fiduciary. Fund categories are defined as follows:

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**FUND ACCOUNTING (Continued)**

**Governmental Funds** – Governmental funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the Township's major and non-major governmental funds:

**MAJOR GOVERNMENTAL FUNDS:**

**GENERAL FUND** - Established under 'The First Class Township Code' of the Commonwealth of Pennsylvania and is used for the general operations of the Township. Income in this fund is derived mainly from assessed revenue such as real estate taxes, local taxes established under Act 511 and other miscellaneous revenues not designated for other restricted fund purposes. These revenues are used for general ongoing government services such as public safety, public works, general administration of the Township and other miscellaneous operating expenses.

**DEBT SERVICE** (DEBT SERVICE) - The debt service fund is used to account for payments received from the Aleppo Township Authority for the payment of principal and interest on the 2011 Sewer Revenue Bond obligation issues outstanding.

**CAPITAL IMPROVEMENTS** (CAPITAL PROJECT) - The capital improvements fund accounts for financial resources used for building and road improvements. The fund is currently financed through operating transfers from the General Fund.

**NON-MAJOR GOVERNMENTAL FUNDS:**

**HIGHWAY AID FUND** (SPECIAL REVENUE) - Established and restricted under Act 655 of the Commonwealth of Pennsylvania. Funding is received from the Commonwealth and is restricted in use for the maintenance, repair and construction of roads, streets and bridges for which the Township is responsible.

**INFRASTRUCTURE FUND** (CAPITAL PROJECT) - The Infrastructure Fund accounts for financial resources used for future sewer infrastructure improvements. The fund is currently financed through operating transfers from the General Fund.

**CONSTRUCTION FUND** (CAPITAL PROJECT) – Established from the proceeds of the Series of 2011 Guaranteed Sewer Revenue Bond issue for the purpose of construction and renovations to the sewer system.

**Fiduciary Funds** – Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the Township under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the Township's own programs. Agency funds are custodial in nature and do not involve measuring income or any other results from operations. The Township has two pension trust funds (police pension and non-uniform employee pension).

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**BASIS OF ACCOUNTING**

The basis of accounting determines when transactions are recorded in the financial records and reported in the financial statements. Government-wide financial statements (Exhibits A and B) are prepared using the accrual basis of accounting. Government funds (Exhibit C, E, and G) use the modified accrual basis of accounting. Fiduciary funds (Exhibits H and I) use the accrual basis of accounting.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the Township, available means expected to be received within sixty days of fiscal year-end.

Revenue resulting from non-exchange transactions, in which the Township receives value without directly giving equal value in return, includes property taxes, grants and contributions. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from grants and contributions are recognized in the fiscal year in which all eligibility requirements have been satisfied. On a modified accrual basis, revenue from non-exchange transactions must also be 'available' before it can be recognized.

The management of the Township of Aleppo has determined that the revenues most susceptible to accrual at December 31, 2016 are 1) delinquent real estate taxes for the month of December, 2) certain Act 511 taxes, 3) cable franchise fees for the fourth quarter of 2016 and 4) other miscellaneous items of income pertaining to the 2016 calendar year received subsequent to December 31, 2016. On the governmental fund financial statements, receivables that will not be collected within the 'available' period have been reported as 'deferred revenue'.

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. The primary expenditures deemed susceptible to accrual at December 31, 2016 are those for which the Board of Commissioner's intention was to expense these items as budgeted for in the 2016 official budget, and for which the Township has incurred an obligation during 2016, but has not paid as of December 31, 2016.

Allocations of cost, such as depreciation, are not recognized in governmental funds but are included as part of expenses in the government-wide statement of activities.

**BUDGETS**

In December of 2015, the Township of Aleppo adopted its 2016 annual budget for its General Fund totaling \$1,186,959 in accordance with the provisions of the Commonwealth of Pennsylvania Township Code. The budget is prepared utilizing the modified accrual method of accounting in accordance with generally accepted accounting principles. Budgetary transfers among various expenditure line items are performed as approved by the Board of Commissioners. Actual expenditures of the General Fund exceeded the budgetary appropriation for 2016 as reflected in Exhibit G. All appropriations lapse at the end of each calendar year.

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**CASH AND CASH EQUIVALENTS**

For purposes of these basic financial statements, cash and cash equivalents include amounts in demand deposit accounts and all highly liquid short-term investments with original maturity terms of less than three months.

**INVESTMENTS**

**Governmental Funds:**

Provisions of Section 1705.1 of the First Class Township Code authorize the following investments:

- I. U.S. Treasury Bills.
- II. Short-term obligations of the United States Government or its agencies or instrumentalities.
- III. Deposits in savings accounts, time deposits or share accounts of institutions insured by the Federal Deposit Insurance Corporation (FDIC), Federal Savings and Loan Insurance Corporation and National Credit Union Share Insurance Fund.
- IV. Obligations of the United States of America, the Commonwealth of Pennsylvania or any political subdivision of the Commonwealth of Pennsylvania, or any of their agencies or instrumentalities backed by the full faith and credit of these governmental units.
- V. Shares of an investment company registered under the Investment Company Act of 1940, whose shares are registered under the Securities Act of 1933.
- VI. Any investment authorized by 20 Pa. C.S. Ch. 73 relating to fiduciaries investments.

Governmental fund type investments include funds pooled for investment purposes with the Pennsylvania Local Government Investment Trust (PLGIT) and money market funds invested with Wells Fargo. PLGIT funds are stated at amortized cost, which approximates market value. The Township's portfolio is in compliance with these statutes at December 31, 2016.

**Fiduciary Funds:**

The pension trust funds, whose deposits and investments are held separately from the Township, are assigned to professional money managers that specialize in certain types of investments. The investment alternatives of these money managers are generally restricted to those in which they specialize. Investments include monies invested by the Township with Nationwide Trust Company and Investment Services for its' police pension plan and the PSAB Municipal Retirement Trust for its' non-uniform pension plan.

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**RECEIVABLES**

Receivables are reflected at net realizable value as of December 31, 2016.

**SHORT-TERM INTERFUND RECEIVABLES/PAYABLES**

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables, if any, are classified as 'due from/to other funds' on the balance sheet. For the purposes of the government-wide statement of net position, governmental inter-fund receivables and payables have been eliminated. During 2016, the Infrastructure Fund and General Fund transferred \$15,796 and \$168,000 respectively, to the Capital Improvements Fund for future capital expenditures.

**CAPITAL ASSETS AND DEPRECIATION**

General capital assets are those assets not specifically related to activities reported in proprietary funds. These assets are reported as part of governmental activities on the government-wide statement of net position

All capital assets are recorded at cost (or estimated historical cost). Donated fixed assets are recorded at fair value at the time of receipt. The Township maintains a capitalization dollar threshold of \$1,000. Routine repair and maintenance costs that do not add to the value of the asset or extend its useful life are charged as an expense in the government-wide statement of activities. All reported capital assets, except land, are depreciated using the straight-line method over the following useful lives:

| <b><u>CATEGORY</u></b>       | <b><u>YEARS</u></b> |
|------------------------------|---------------------|
| Site Improvements            | 20 years            |
| Buildings and Improvements   | 10-50 years         |
| Equipment                    | 5-15 years          |
| Vehicles                     | 5-7 Years           |
| Sewer Plant and Improvements | 40 Years            |
| Infrastructure               | 75 Years            |

The accounting and reporting treatment applied to the capital assets associated with a fund are determined its measurement focus. Capital assets purchased by governmental funds are recorded as expenditures in the fund financial statements (Exhibit E). The results of capitalizing fixed assets net of depreciation on the government-wide statement of net position and statement of activities, as opposed to recording these same assets as an expenditure in the fund financial statements (Exhibit E), is reflected in the required reconciliations of fund balance to net position (Exhibit D) and the changes in fund balances to the changes in net position (Exhibit F).

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**ACCRUED LIABILITIES AND LONG-TERM OBLIGATIONS**

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources. However, the non-current portion of long-term liabilities that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they will be paid with current, expendable, available financial resources. In general, liabilities that mature or come due for payment within 60 days of the end of the fiscal year-end, are considered to be paid with current available financial resources. Capital leases and other long-term obligations, if any, that will be paid from governmental funds are not recognized as a liability in the fund financial statements when due. The Township's General Fund is typically used to liquidate long-term liability obligations.

The results of recognizing these long-term obligations as liabilities on the government-wide statement of net position and statement of activities, as opposed to recording these same obligations as an expenditure in the fund financial statements (Exhibit E) only when paid, is reflected in the required reconciliations of fund balance to net position (Exhibit D) and the changes in fund balances to the changes in net position (Exhibit F).

**NET POSITION**

Net position is classified into three categories according to external donor or legal restrictions or availability of assets to satisfy Township obligations. Net position is classified as follows:

- Net Investment in Capital Assets – This component of net position consists of capital assets net of accumulated depreciation, and reduced by the outstanding balances of debt that is attributable to the acquisition, construction and improvement of the capital assets, plus deferred outflows of resources less deferred inflows of resources related to those assets.
- Restricted Net Position – This component of net position consists of restricted assets reduced by liabilities and deferred inflows related to those assets.
- Unrestricted – Consists of all other net position that does not meet the definition of 'restricted' or 'net investment in capital assets'.

When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the Township's policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

**LONG-TERM DEBT FINANCING COSTS**

Bond issue costs are recorded as expenditures in the governmental fund financial statements in the year paid. The Township did not incur any bond issue costs during the calendar year 2016.

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**UNEARNED REVENUE**

Unearned revenue arises when the Township receives resources before it has legal claim to them. This occurs when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Township has a legal claim to the resources, the unearned revenue liability is removed and revenue is recognized.

**DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES**

In addition to assets and liabilities, the statement of net position and/or the balance sheet reports a separate section for deferred outflows and/or inflows of resources. These separate financial statement elements represent a decrease and/or increase in net position that applies to a future period and so will not be recognized as an outflow and/or inflow of resources (expense/expenditure or income/revenue) in the current period.

**FUND BALANCE**

In the Balance Sheet – Governmental Funds (Exhibit C), fund balances are reported in specific categories to make the nature and extent of the constraints placed on any entity's fund balance more transparent in accordance with GASB No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance – amounts that are not in a spendable form (such as inventory and prepaid expenses) or are required to be maintained intact
- Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and high levels of government), through constitutional provisions, or by enabling legislation
- Committed fund balance – amounts constrained to specific purposes by the Township itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the Township takes the same highest level action to remove or change the constraint.
- Assigned fund balance – amounts the Township intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority
- Unassigned fund balance – amounts that are available for any purpose

**ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires the Township's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**ADOPTION OF GASB PRONOUNCEMENTS**

The requirements of the following GASB Statements were adopted for the Township's 2016 financial statements. Except where noted, the adoption of these pronouncements did not have a significant impact on the Township's financial statements.

GASB Statement No. 72, "*Fair Value Measurement and Application*." This Statement addresses accounting and financial reporting issues related to fair value measurements. This pronouncement required additional disclosures related to investments.

GASB Statement No. 76, "*Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*." This statement identifies the hierarchy of generally accepted accounting principles (GAAP), reduces this hierarchy to two categories of authoritative GAAP, and addresses the use of authoritative and non-authoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. This Statement supersedes Statement No. 55.

GASB issued Statement No. 77, "*Tax Abatement Disclosures*". The primary objective of this Statement is to require state and local governments for the first time to disclose information about tax abatement agreements, and is designed to provide financial statement users with essential information about these agreements and the impact that they have on a government's finances. The Township does not have any Tax Abatement Agreements as of December 31, 2016.

GASB issued Statement No. 78, "*Pensions Provided through Certain Multiple- Employer Defined Benefit Pension Plans*". The primary objective is to address a practice issue regarding the scope and applicability of Statement No. 68, "Accounting and Financial Reporting for Pensions." The issue is associated with pensions provided through certain multiple-employer defined benefit pension plans and to state or local government employers whose employees are provided with such pensions.

GASB issued Statement No. 79, "*Certain External Investment Pools and Pool Participants*". The primary objective of this Statement is to address accounting and reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for the election to measure all of its investments at amortized costs for financial reporting purposes. This pronouncement required additional disclosures related to investments, which have been incorporated into Note 2.

**PENDING GASB PRONOUNCEMENTS**

In June of 2015, the GASB issued Statement No. 73, "*Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*," except those provisions that address employers and governmental non-employer contributing entities for pensions that are not within the scope of Statement No. 68. The primary objective of this Statement is to establish requirements for those pensions and pension plans that are not administered through a trust meeting specified criteria (those not covered by Statements No. 67 and 68). The provisions of this Statement are effective for the Township's December 31, 2017 financial statements.

In June of 2015, the GASB issued Statement No. 74, "*Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*". The primary objective of this Statement is to address reporting by OPEB plans that administer benefits on behalf of governments. This Statement replaces Statement No. 43. The provisions of this Statement are effective for the Township's December 31, 2017 financial statements.

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**PENDING OF GASB PRONOUNCEMENTS (Continued)**

In June of 2015, the GASB issued Statement No. 75, *“Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions”*. The primary objective of this Statement is to address reporting by governments that provide OPEB to their employees and for governments that finance OPEB for employees of other governments. This Statement replaces the requirements of Statement No. 45. The provisions of this Statement are effective for the Township’s December 31, 2018 financial statements.

In January of 2016, the GASB issued Statement No. 80, *“Blending Requirements for Certain Component Units- an amendment of GASB Statement No. 14”*. The primary objective of this Statement is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. The provisions of this Statement are effective for the Township’s December 31, 2017 financial statements.

In March of 2016, the GASB issued Statement No. 81, *“Irrevocable Split-Interest Agreement”*. The primary objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The provisions of this Statement are effective for the Township’s December 31, 2017 financial statements.

In March of 2016, the GASB issued Statement No. 82, *‘Pension Issues- an amendment of GASB Statements No. 67, No. 68, and No. 73’*. The primary objective of this Statement is to address certain issues that have been raised with respect to GASB Statements No. 67, *“Financial Reporting for Pension Plans,”* No. 68, *“Accounting and Financial Reporting for Pensions,”* and No. 73, *“Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68.”* The provisions of this Statement are effective for the Township’s December 31, 2017 financial statements.

In November of 2016, the GASB issued Statement No. 83, *‘Certain Asset Retirement Obligations’*. The primary objective of this Statement is to provide financial statement users with information about ‘asset retirement obligations (ARO) that were not addressed in GASB Standards by establishing uniform accounting and financial reporting requirements for these obligations. The provisions of this Statement are effective for the Township’s December 31, 2018 financial statements.

In January of 2017, the GASB issued Statement No. 84, *‘Fiduciary Activities’*. The primary objective of this Statement is to enhance the consistency and comparability of fiduciary activity reporting by state and local governments. This Statement also is intended to improve the usefulness of fiduciary activity information primarily for assessing the accountability of governments in their roles as fiduciaries. The provisions of this Statement are effective for the Township’s December 31, 2019 financial statements.

In March of 2017, the GASB issued Statement No. 85, *‘Omnibus 2017’*. The primary objective of this Statement is to improve consistency in accounting and financial reporting by addressing practice issues that have been identified during implementation and application of certain GASB Statements. The provisions of this Statement are effective for the Township’s December 31, 2018 financial statements.

In May of 2017, the GASB issued Statement No. 86, *‘Certain Debt Extinguishment Issues’*. The primary objective of this Statement is to improve consistency in accounting and financial reporting for certain debt extinguishments and to enhance the decision-usefulness of that information. The provisions of this Statement are effective for the Township’s December 31, 2018 financial statements.

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**PENDING OF GASB PRONOUNCEMENTS (Continued)**

In June of 2017, the GASB issued Statement No. 87, 'Leases'. The primary objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases; enhancing the comparability of financial statements between governments; and also enhancing the relevance, reliability (representational faithfulness), and consistency of information about the leasing activities of governments. The provisions of this Statement are effective for the Township's December 31, 2020 financial statements

**NOTE 2 - CASH DEPOSITS AND INVESTMENTS**

**DEPOSITS:**

At December 31, 2016, the Township of Aleppo had the following carrying values on its cash and cash equivalent accounts:

|              | <b><u>Bank Balance</u></b> | <b><u>Book Balance</u></b> |
|--------------|----------------------------|----------------------------|
| General Fund | <u>\$ 182,628</u>          | <u>\$ 171,589</u>          |

The difference between the bank balance and the book balance represents year-end reconciling items such as deposits in transit and outstanding checks. The Federal Deposit Insurance Corporation (FDIC) coverage threshold for government account is \$250,000 per official custodian. This coverage includes checking and savings accounts, money market deposit accounts, and certificate of deposit.

**Custodial Credit Risk:**

Custodial credit risk is the risk that in the event of a bank failure, the Township's deposits may not be returned to it. The Township does not have a policy for custodial credit risk. As of December 31, 2016 the Township bank balance total is not exposed to custodial credit risk as this amount is insured in full by the Federal Deposit Insurance Corporation (FDIC). In accordance with Act Number 72-1971 Session of the Commonwealth of Pennsylvania, deposits of the Township if any, in excess of \$250,000, are collateralized by securities pledged to a pooled public funds account with the Federal Reserve System.

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 2 - CASH DEPOSITS AND INVESTMENTS (Continued)**

**INVESTMENTS:**

The fair value and maturity term of the Township's investments as of December 31, 2016 is as follows:

|                        | <u>Fair Value</u>   | <u>No Stated<br/>Maturity</u> | <u>Credit<br/>Rating</u> |
|------------------------|---------------------|-------------------------------|--------------------------|
| <b>Governmental:</b>   |                     |                               |                          |
| PLGIT                  | \$ 1,729,195        | \$ 1,729,195                  | AAAm                     |
| Money Market Funds     | 8,932               | 8,932                         | not rated                |
|                        | <u>\$ 1,738,127</u> | <u>\$ 1,738,127</u>           |                          |
| <b>Fiduciary:</b>      |                     |                               |                          |
| Mutual/Liquidity Funds | \$ 816,722          | \$ 816,722                    | AAA                      |
|                        | <u>\$ 816,722</u>   | <u>\$ 816,722</u>             |                          |

The purpose of the Pennsylvania Local Government Investment Trust (PLGIT) is to enable governmental units to pool their available funds for investments authorized under the Intergovernmental Cooperation Act of 1972. The funds operate in a manner consistent with the SEC's Rule 2(a)7 of the Investment Company Act of 1940. The funds use amortized cost to report net position to compute share prices. These funds maintain net asset values of \$1 per share. Accordingly, the fair value of the position in these funds is the same as the value of these shares. These funds are rated by a nationally recognized statistical rating organization. Copies of the PLGIT's annual report can be obtained by contacting their website of [www.plgit.com](http://www.plgit.com).

**Custodial Credit Risk:**

For an investment, custodial credit risk is the risk that the Township will not be able to recover the value of investment or collateral securities that are in the possession of an outside party if the counterparty to the transaction fails. PLGIT, Wells Fargo and Nationwide Trust Company Funds represent mutual funds, or have the characteristics of open-end mutual funds, and are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form. The Township does not have a policy that would limit its investment choices to those with certain credit ratings.

**Credit Risk:**

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Township has no formal investment policy that limits its investment choices based on credit ratings by nationally recognized rating organizations.

**Interest Rate Risk:**

The Township does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 2 - CASH DEPOSITS AND INVESTMENTS (Continued)**

**INVESTMENTS: (Continued)**

**Concentration of Credit Risk:**

The Township places no limit on the amount it may invest in any one issuer.

**Fair Value Measurements:**

The Township of Aleppo's investments are reported at fair value within the fair value hierarchy established by generally accepted accounting principles. GASB Statement No. 72, *Fair Value Measurement and Application*, provides a framework for measuring fair value which establishes a three-level fair value hierarchy that prioritizes the inputs to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable (level 3 measurements). The three levels of the fair value hierarchy are described below:

**Level 1** – Observable inputs that reflect quoted prices for identical assets or liabilities in active markets such as stock quotes

**Level 2** – Includes inputs other than level 1 inputs that are directly or indirectly observable in the marketplace such as yield curves or other market data

**Level 3** – Unobservable inputs which reflect the reporting entity's assessment of the assumptions that market participants would use in pricing the asset or liability including assumptions about risk such as bid/ask spreads and liquidity discounts.

The following schedule presents the Investments of the Township by level within the fair value hierarchy:

|                    | <b><u>Value</u></b><br><b><u>at 12/31/16</u></b> | <b><u>Fair Value Measurements</u></b> |                       |                       |
|--------------------|--------------------------------------------------|---------------------------------------|-----------------------|-----------------------|
|                    |                                                  | <b><u>Level 1</u></b>                 | <b><u>Level 2</u></b> | <b><u>Level 3</u></b> |
| Money Market Funds | \$ 8,932                                         | \$ 8,932                              | \$ -                  | \$ -                  |

Investments held in external investment pools such as PLGIT are not subject to the provisions of fair value measurements as they are recorded at amortized cost.

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 3 - PROPERTY TAXES**

The Township of Aleppo levies property taxes March 1 of each calendar year. The calendar dates for payment of these taxes is as follows:

**PAYMENT PERIOD**

|                          |                   |
|--------------------------|-------------------|
| March 1 – April 30, 2016 | (Discount period) |
| May 1 - June 30, 2016    | (Face period)     |
| July 1 and after         | (Penalty period)  |

Taxpayers are entitled to a 2% discount if taxes are paid prior to May 1st. Collections after June 30th are assessed a 10% penalty. Unpaid taxes are sent to the Townships Delinquent Real Estate Tax Collector for collection or subsequent lien with Allegheny County. Unpaid taxes as of December 31, 2016 totaling \$17,654 represent 3.7% of the original assessment for 2016 of \$478,820. The tax millage assessment for the 2016 calendar year is 3.5 mills on the assessed value of land and buildings, which represents \$3.50 of revenue for every \$1,000 of assessed value.

Taxes receivable as shown in the government-wide statement of net position includes prior year property taxes of \$112,978 net of an estimated allowance for doubtful accounts of \$28,244. For purposes of the governmental fund financial statements, the above property taxes receivable, although measurable, does not meet the available criteria to finance current fiscal year operations. Accordingly, this amount (\$84,734) is equally off-set as a credit to deferred inflow of resources in the fund financial statements.

The effect of recognizing property tax revenue when taxes are levied, as opposed to when they are received using the 'measurable and available' criteria under the modified accrual basis of accounting, is reflected in the required reconciliations of fund balance to net position (Exhibit D) and the changes in fund balances to the changes in net position (Exhibit F).

Taxes receivable are comprised of the following at December 31, 2016:

|                     |                  |
|---------------------|------------------|
| Property Taxes, Net | \$ 86,231        |
| Act 511 Taxes       | 8,616            |
| Act 77 Sales Tax    | 2,981            |
|                     | <u>\$ 97,828</u> |

**TOWNSHIP OF ALEPPO**

**NOTE 8 – LONG-TERM DEBT OBLIGATIONS**

**GUARANTEED SEWER REVENUE BONDS – SERIES OF 2015**

On May 20, 2015, the Township of Aleppo issued Guaranteed Sewer Revenue Bonds, Series of 2015 in the amount of \$8,345,000 for the purpose of 1) advance refund of the Township's outstanding Guaranteed Sewer Revenue Bonds, Series of 2011, currently outstanding in the aggregate principal amount of \$7,885,000 and, 2) pay related costs and expenses, including costs of issuance of the bonds. The bonds were issued in denominations of \$5,000 with interest payable on June 1 and December 1 each year through maturity. Interest rates range between 1.2 and 4.1% with the bonds maturing on December 1, 2041. The Township has pledged its sewer revenues as security for the bonds to the extent of any deficiency in such available sewer revenues, and its full faith, credit and taxing power. The bonds provide for early redemption options for the Township as more fully described in the detailed Official Statement. A summary of the Township's Guaranteed Sewer Revenue Bonds outstanding at December 31, 2015 is as follows:

In connection with the Series of 2015 Guaranteed Sewer Revenue Bond issue, the Township paid \$113,642 in bond discount costs. In addition, the Township has \$91,841 remaining in unamortized bond discount costs from its refunded Series of 2011 Guaranteed Sewer Revenue Bonds. These costs are being amortized on a straight-line basis over the life of the bond issue. The un-amortized amount of these costs totaling \$193,824 is reflected in the governmental activities column on the government-wide statement of net position as a reduction to bonds payable long term portion.

The following represents the changes in the Township's long-term liabilities during the 2016 calendar year:

**NOTE 9 – DUE TO THE BOROUGH OF SEWICKLEY**

During 2013, the Township of Aleppo entered into a verbal agreement with the Borough of Sewickley to pay tap fees related to the Act 537 Plan project. The verbal agreement stipulates that the Township will pay \$100,000 per year over the next four years to the Borough, interest free, with the first payment being made in 2013 and maturing in 2016. The Township made a payment of \$100,000 during 2016, paying off the entire balance due.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 10 - TOWNSHIP PENSION PLANS**

**POLICE PENSION PLAN**

**Plan Administration**

The Township of Aleppo Police Pension Plan is a single-employer defined benefit pension plan. The Plan was established December 30, 1988 (adopted pursuant to Act 600 of 1956). The Plan was amended and restated effective January 1, 2001. The Plan is governed by the Board of Commissioners of the Township of Aleppo which may amend plan provisions, and which is responsible for the management of Plan assets. The Board of Commissioners has delegated the authority to manage certain Plan assets to Nationwide Trust Company. The plan is required to file Form PC-201C biennially with the Pennsylvania Department of the Auditor's General's Municipal Pension Reporting Program (MPRP). The most recent filing was as of January 1, 2015.

**Plan Membership**

The Plan provides pensions for full-time uniformed employees of the Township. As of December 31, 2016, pension plan membership consists of:

|                                                                         |                 |
|-------------------------------------------------------------------------|-----------------|
| Active employees                                                        | -               |
| Retirees and beneficiaries currently receiving benefits                 | 3               |
| Terminated employees entitled to benefits<br>but not yet receiving them | <u>2</u>        |
| Total                                                                   | <u><u>5</u></u> |

**Benefit Provisions**

A summary of the plan's benefit provisions are as follows:

**ELIGIBILITY** - All participants are eligible for retirement benefits provided that they have completed 25 years of aggregate service as a full-time Township employee and have attained the age of 55.

**RETIREMENT BENEFITS** -Based on one-half of the participant's monthly average salary earned over the final 60 month period prior to retirement or other severance.

**DEATH BENEFITS** - A monthly benefit equal to 50% of the benefit the participant was receiving or was eligible to receive payable to the surviving spouse for life.

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 10 - TOWNSHIP PENSION PLANS (Continued)**

**POLICE PENSION PLAN** (Continued)

**DISABILITY BENEFITS** - A monthly benefit equal to the greater of 50% of average monthly salary during the 36 months prior to disability date, or 50% of salary at date the disability was incurred offset by any social security benefits received for the same condition.

**TERMINATION** - The plan provides terminated employees with a return of their contribution plus interest at 4%.

**VESTING** - Participants are entitled to a vested deferred benefit after 12 years of service.

**FUNDING** - Employee contributions are 5%.

**Contributions**

The employer follows the funding policy prescribed by Act 205 of 1984 (as amended), which requires that annual contributions be based upon the Minimum Municipal Obligation (MMO) using the plan's most recent biennial actuarial valuation. The MMO includes the normal cost, estimated administrative expenses and an amortization contribution of the unfunded actuarial accrued liability, less estimated member contributions, and a credit equal to 10% of the excess (if any) of the actuarial value of assets over the actuarial accrued liability. The State provides an allocation of funds which must be used for pension funding. Any financial requirement established by the MMO which exceeds state contributions must be funded by the employer.

Employees are required to contribute 5% of covered payroll to the Plan. This contribution is governed by the Plan's governing ordinances and collective bargaining. Currently, there are no active employees in the plan; therefore, there are no employee contributions at this time.

Administrative costs, which may include but are not limited to investment management fees and actuarial services, are charged to the Plan and funded through the MMO and/or plan earnings.

**Deposits**

At December 31, 2016, the Plan held no deposits.

**Investments**

The Plan is authorized to invest in legal investments permitted under the Pennsylvania Fiduciaries Investment Act. The plan has no formally adopted investment policy.

*Credit Risk* for investments is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Plan has no investment policy for credit risk. The credit ratings of the plan's investments (excluding obligations explicitly guaranteed by the U.S. government) are indicated as follows:

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 10 - TOWNSHIP PENSION PLANS (Continued)**

**POLICE PENSION PLAN (Continued)**

**Investments (Continued)**

| <u>Investment Type</u> | <u>Fair Value</u> | <u>Credit Rating</u> |
|------------------------|-------------------|----------------------|
| Money Market Funds     | \$ 6,412          | Not Rated            |
| Fixed Income Funds     | 169,858           | Not Rated            |
| Total                  | <u>\$ 176,270</u> |                      |

*Concentration of Credit Risk* is the risk of loss attributed to the magnitude of an investment in a single issuer. The Plan places no limit on the amount that may be invested in any one issuer. At December 31, 2016, the Plan had no investments (other than U.S. Government and U.S. Government guaranteed obligations, mutual funds or other pooled investments) in any one issuer that represent 5% or more of Fiduciary Net Position.

*Interest Rate Risk* for investments is the risk that a change in interest rates will adversely affect the fair value of an investment. The Plan has no investment policy for interest rate risk. The maturities of the plan's debt investments are as follows:

| <u>Investment Type</u>      | <u>Fair Value</u> | <u>Investment Maturities (In Years)</u> |                   |                  |                     |

**Net Pension Liability**

The components of the net pension liability at December 31, 2016 are as follows:

|                             |                  |
|-----------------------------|------------------|
| Total pension liability     | \$ 817,738       |
| Plan fiduciary net position | <u>(814,453)</u> |
| Net pension liability       | <u>\$ 3,285</u>  |

Plan fiduciary net position as a percentage of the total pension liability – 99.6%

The total pension liability was determined by an actuarial valuation as of January 1, 2015 and rolled forward to the reporting date using the following significant actuarial assumptions applied to all periods included in the measurement:

Actuarial assumptions:

|                   |                                                                                                                                                                               |
|-------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Inflation:        | 3.0%                                                                                                                                                                          |
| Salary increases: | 5.0% including inflation                                                                                                                                                      |
| Mortality:        | RP-2000 Combined Healthy Mortality Table with Blue Collar Adjustment, with rates set forward 5 years for disabled lives. Rates are projected to improve with 75% of scale AA. |

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 10 - TOWNSHIP PENSION PLANS (Continued)**

**POLICE PENSION PLAN** (Continued)

**Net Pension Liability (Continued)**

Expected Long-Term  
Rate of Return: 7.0%, applied to all periods

The long-term expected rate of return on pension plan investments was determined using a building-block method in which the best-estimate ranges of expected future real rates of return (expected returns, net of inflation and investment expenses not funded through the MMO) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in the target asset allocation as of December 31, 2016 are summarized as follows:

| <u>Asset Class</u>        | <u>Long Term<br/>Expected Real ROR</u> |
|---------------------------|----------------------------------------|
| Equities                  | 6.3%                                   |
| Fixed Income              | 2.0%                                   |
| Cash and Cash Equivalents | 0.0%                                   |

**Discount Rate**

The discount rate used to measure the total pension liability was 7.0%. The projection of cash flows used to determine the discount rate assumed that plan will continue to be funded based on the Minimum Municipal Obligation as determined in accordance with Act 205. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

**NOTE 10 - TOWNSHIP PENSION PLANS (Continued)**

**POLICE PENSION PLAN** (Continued)

Amounts reported as deferred outflows of resources and deferred inflow of resources related to pensions will be recognized in pension expense as follows:

| <u>December 31,</u> |    |         |
|---------------------|----|---------|
| 2017                | \$ | 11,678  |
| 2018                |    | 11,678  |
| 2019                |    | 11,680  |
| 2020                |    | (1,482) |
| 2021                |    | -       |
| Thereafter          |    | -       |

**NON-UNIFORM PENSION PLAN** - The Township of Aleppo Non-uniform Pension Plan was established effective January 1, 1998 and entered into a Joinder Agreement with the Pennsylvania State Association of Boroughs Municipal Retirement Trust (PSABMRT), an agent multiple employer plan. The Plan was restated effective December 31, 2002. The Plan is governed by the Aleppo Township Board of Commissioners who are responsible for the management of plan assets. The Board of Supervisors has delegated the authority to manage the assets to PSABMRT. PSABMRT issues a publicly available financial report that includes financial statements. The report may be obtained by writing to PSABMRT, 2941 North Front Street, Harrisburg, PA 17110.

Plan membership as of December 31, 2015 was comprised of:

|                                                                         |   |
|-------------------------------------------------------------------------|---|
| Active employees                                                        | 3 |
| Retirees and beneficiaries currently receiving benefits                 | 0 |
| Terminated employees entitled to benefits<br>but not yet receiving them | 0 |
| Total                                                                   | 3 |

The summary of the plans provisions are as follows:

- PARTICIPANTS** - All full-time non-uniformed employees of the Township.
- ELIGIBILITY** - All participants are eligible for retirement benefits provided that they have attained the age of sixty-two
- BENEFITS** - The fair market value of the participant's account paid as a lump sum or applied to the purchase of a single premium annuity contract.
- TERMINATION OR DEATH** - The plan provides the deceased members beneficiary with the fair market value of the member's account.

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 10 - TOWNSHIP PENSION PLANS (Continued)**

**NON-UNIFORM** (Continued)

**FUNDING** - Employee contributions are not currently required or permitted. The Township is required to contribute \$2,000 per year (or ratio for partial year) for each eligible participant. The Township's contribution for 2015 was \$9,500.

**VESTING** - Participant are 100% vested after three years of service.

**FUNDING REQUIREMENTS**

On December 18, 1984, act 205 was passed into law, and is known as the "Municipal Pension Plan Funding Standard and Recovery Act." The act mandates actuarial funding standards, establishes a recovery program for financially distressed pension plans and provides for the distribution of the tax on the premiums of foreign fire insurance companies.

The act requires minimum funding standards based on the most recent actuarial valuation report, including normal cost and administrative expense requirements and an amortization contribution of the unfunded actuarial accrued liability. For financially distressed pension plans, the act provides for delayed implementation of this funding standard over either 10 or 15 years. In addition, supplemental state aid is available to all eligible municipalities and will be paid from the supplemental state assistance account.

In addition to member contributions, the pension plan may also receive an annual allocation from the General Municipal Pension System State Aid Program. The entire proceeds of the insurance premium tax on foreign casualty insurance companies and any investment income earned on those proceeds, and the portion of the proceeds of the insurance premium tax on foreign fire insurance companies which represents the amount of the distributions applicable to paid firefighters, and any investment income earned on the amount of those distributions are specifically designated for municipal pension plans. Any remaining obligation with respect to the pension plan shall be paid by the municipality.

The plan's investment income was used to fund administrative costs. There are no long-term contracts for contributions as of December 31, 2015. In addition, there are no assets legally reserved for purposes other than the payment of plan member benefits.

**NOTE 11 - RISK MANAGEMENT**

The Township of Aleppo is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets, errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims for these risks have not exceeded commercial insurance coverage for the past three years.

**TOWNSHIP OF ALEPPO**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2016**

**NOTE 12 - CONTINGENT LIABILITIES**

**LEGAL MATTERS**

The Township of Aleppo is a party to a suit filed by Masonic Homes of the Grand Lodge of Pennsylvania. Masonic Homes is objecting to the new sewer rates adopted by the Township and the Aleppo Township Authority in January of 2013 to cover the cost of the sewer system capital project and the debt service related to the bond issue (Note 8) floated to fund the project. This issue remains unresolved as of the date of this report.

**STATE FUNDING**

The Township of Aleppo's state funded programs are subject to audit by various governmental agencies. The Township is potentially liable for any expenditure disallowed by the results of these audits. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

**NOTE 13- SEWER SYSTEM AGREEMENT**

On December 28, 2010, the Township of Aleppo entered into an agreement with the Township of Aleppo Authority whereby the Authority transferred ownership and control of the Sewer System to the Township for the life of the Township's debt obligations associated with its implementation of an Act 537 Plan. The Act 537 Plan calls for the Township to construct lines, pump stations, force mains, interceptors, interconnects, and other sanitary sewage facilities necessary to expand the Sewer System with public financing. As part of the agreement, the Township has designated the Authority as an Operating Authority to continue to operate and manage the Sewer System. Complete details regarding the responsibilities of both parties are contained within the Agreement, a copy of which can be obtained from the Township business office. The term of the agreement shall be for a period of thirty years.

**NOTE 14 - SUBSEQUENT EVENTS**

Management has determined that there are no additional events subsequent to December 31, 2016 through the date of the 'Independent Auditor's Report' date, which is the date the financial statements were available to be issued, that require additional disclosure in the financial statements.

\* Revised assumptions pursuant to experience review

**ALEPPO TOWNSHIP**  
**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**

Unless otherwise specified, the following actuarial methods and assumptions were used in the calculation of actuarially determined contributions reported in the required supplementary schedules:

Actuarial Valuation Date - January 1, 2016  
Actuarial cost method: Entry Age  
Amortization method: Level Dollar Closed  
Remaining amortization period: Police - 16 years  
Asset valuation method: 4-year smoothing  
Inflation: 3.0%  
Salary increases: 5.0% including inflation  
Investment rate of return: 7.0% net of investment expenses not funded through the MMO, and including inflation  
Mortality: RP-2000 Healthy Combined Healthy Mortality Table with Blue Collar Adjustment, with rates set forward 5 years for disabled lives. Rates projected with 75% of scale AA  
Retirement Age: Normal Retirement Age,  
or attained age if currently eligible to retire

**Changes to Benefits:** None.

**Changes to Assumptions:**

Effective 1/1/2009: The interest rate was changed from 7.5% to 7.0%

Effective 1/1/2011: The mortality assumption was updated to the RP-2000 Combined Healthy Mortality Table with Blue Collar Adjustment and rates projected to improve with 75% of scale AA.
