Patty Krecek
Township Secretary

Dear Aleppo Township Residents –

We want to provide you with some information and resources during this COVID-19/coronavirus situation. The Township's Emergency Management Coordinator, Judy Haluka, is in frequent contact with Allegheny County Emergency Management and will keep the township officials informed of any developments.

Aleppo Township has several volunteers who have offered to help neighbors during this time. We have a special phone number that has been set up for this purpose. Call **412-334-6059** and someone will help you link up with a volunteer who is willing to assist those in need. Feel free to leave a message and someone will get back to you as soon as possible.

On the back of this letter, we have listed some other resources and services in our community that may be helpful at this time.

As always, **if you have an emergency, call 911.**

If you have any special needs that you want the Township to be aware of in the event of an emergency, please fill out the Township's Emergency Communications form on our website at alepptownship.com – click the **New Residents** button to find the online signup. We strongly recommend that you sign up for the CodeRED emergency alert system in case we need to send an urgent alert to the Township. You can also call the Township to give us your information and we will enter it into the system for you. (If you have immediate needs, please use the resources listed above.)

We will post critical information updates on our website, so please check the **Latest News** button to see any announcements.

Sincerely,

Gwen M. Patterson
Township Manager
